

Hip Bone To Hip Bone

Broadcast

Hip bone to hip bone
Empty cave, empty day, and home again
Love of the hip bone
Of the nose, of the lips that say my name

All my features look so plain, look so plain
Oh, so plain, oh
Oh, [?] away, crazy love

Talk in hand gestures
Half the game, crazy love, change my name
Paper lane, home again
Empty cave, [?]

The empty cave and love's a game
The reservoir of they (Barely call some blame)
On Five Ways Island (Barely call my name)
Barely call some blame
Barely call my name of love (Of love)

(Of love) Crazy love, crazy love
I'm home again
