

# Breathe You In

Broadside

I feel like an insect  
The way I'm caught up in your web  
Your web again  
I feel like an actor  
The way I force myself to pretend

Feels like I'm always on the outside looking in  
You got me running from my own pride yet again  
Darling I don't wanna live my life alone  
It's hard to admit but I just gotta tell ya

I don't wanna freak you out or push you away

I just wanna breathe, breathe, breathe you in  
I just wanna breathe, breathe, breathe you in

I'm feeling romantic  
The way I got you running through my head again  
My favorite distraction  
When you are lying in my bed

Feels like I'm always on the outside looking in  
I'm trying not to get my hopes up yet again  
Darling I don't wanna live my life alone  
It's hard to admit but I just gotta tell ya

I don't wanna freak you out  
I don't wanna freak you out  
I don't wanna freak you out or push you away

I just wanna breathe, breathe, breathe you in  
I just wanna breathe, breathe, breathe you in  
So can I breathe, breathe, breathe you in?  
I just wanna breathe, breathe, breathe you in

I just wanna breathe, breathe, breathe you in  
I just wanna breathe, breathe, breathe you in

(Breathe, breathe, breathe you in)  
I feel like an insect  
The way I'm caught up in your web  
Your web again  
(Breathe, breathe, breathe you in)  
I feel like an actor  
The way I force myself to pretend

(I just wanna breathe, breathe, breathe you in)  
I'm feeling romantic  
The way I got you running through my head again  
(I just wanna breathe, breathe, breathe you in)  
My favorite distraction  
When you are lying in my bed
