

# Clarity

Broadside

It's like a subtle reminder  
Gripping you at the throat  
They say the worst is over  
But how the fuck would they know?  
I might be missing some pieces  
I must be out of my mind  
They said it takes some patience  
I'm running out of time

But I don't wanna let you down  
I guess I'll try and pull myself out

What's wrong with me?  
What's wrong with me?  
I'm asking for a little clarity  
What's wrong with me?  
What's wrong with me?  
I'm begging for some clarity

A not so subtle reminder  
Those pills don't work anymore  
No matter how many you take  
It just won't be like before  
They wanna get inside your head  
But you have locked all the doors  
Screaming my mind is a prison  
Don't wanna think anymore

So tell me what's wrong with me  
I'm asking for some clarity  
So tell me what's wrong with me  
I'm begging for my sanity

Spend the days with the lights down low  
Staying up all night feeling so alone  
Spend the days with the lights down low  
Staying up all night feeling so alone  
Spend the days with the lights down low  
Staying up all night feeling so alone  
Spend the days with the lights down low  
Staying up all night

I just wanna remember  
How to stand on my own

What's wrong with me?  
I'm asking for some clarity  
So tell me what's wrong with me  
I'm begging for my sanity

I don't wanna let you down  
I guess I'll try and pull myself out  
I don't wanna let you down  
Let you down

I never meant to let you down
