

Empty

Broadside

Such a fool for the moment
We were golden
You're a setting sun
Picture perfect, you know it
Losing focus
Where did we go wrong

Do you wanna fall in love
Knowing that we'll fall apart

Cause I don't wanna talk about
How you got me feelin' so empty, so empty, so empty
And I don't wanna be alone
I'm a mess when I'm feelin' empty, so empty, so empty

So where did we go wrong
Vacant smiles on the bedroom floor
Breathing you in my lungs I need air
Cause girl you got me feelin' so empty

They sing along to the chorus
That I wrote us
You were on my heart
I sleep alone on our mattress
With my sadness
I just play my part

Do you wanna fall in love
Knowing that we'll fall apart
So what's the point of falling in love
When you always fall too hard

Cause I don't wanna talk about
How you got me feelin' so empty, so empty, so empty
And I don't wanna be alone
I'm a mess when I'm feelin' empty, so empty, so empty

So where did we go wrong
Vacant smiles on the bedroom floor
Breathing you in my lungs I need air
Cause girl you got me feelin' so empty

Cause I don't want to talk about
How you got me feeling so empty
And I don't wanna be alone
Cause I'm a mess when I'm feeling empty

So where did we go wrong
Vacant smiles on the bedroom floor
Breathing you in my lungs I need air
Cause girl you got me feelin' so empty
Feeelin' so empty
