

# Far From Home

Broadside

We've been gone for a long time.  
And we've been spending  
To many sleepless nights  
Driving further away from home

No were not looking back now  
No were not going back  
Watching city skylines  
Fall to open roads

Woo ohh woo ohh  
This is all that we know  
Woo ohh woo ohh  
We're getting far from home

So lets cut to the chase now  
Will this be the last time  
This is not going to end  
Because we've only just begun

We've gone to far now  
And theres no going back  
So don't walk away  
Cause just for today  
We'll take on the world

Woo ohh woo ohh  
This is all that we know  
Woo ohh woo ohh  
We are getting far from home  
Woo ohh woo ohh  
And it comes to show now  
Woo ohh woo ohh  
Were taking the long road

Just for today we'll take on the world  
Don't walk away, we'll take on the world

Woo ohh woo ohh  
This is all that we know  
Woo ohh woo ohh  
We are getting far from home  
Woo ohh woo ohh  
And it comes to show now  
Woo ohh woo ohh  
Were taking the long road

It's all that we know  
We're getting far from home
