

## You Gotta Know

### Broadway Calls

You, you gotta know how you make me feel  
I will walk alone  
With a a payphone  
Tried again and I hope everything's well  
Well you, you gotta know how you make me feel  
You, you gotta know how you make me feel  
You gotta know  
You gotta know  
How you make me feel  
When I cry 'cause I was oblivious  
my light, they were burning out  
when I heard you shout  
When you lost it all  
Well you, you gotta know how you make me feel

You, you gotta know how you make me feel  
You gotta know  
You gotta know  
How you make me feel  
Ooh-ooh-ooh-ooh-ooh  
You, you gotta know how you make me feel  
You, you gotta know how you make me feel  
You, you gotta know how you make me feel  
You, you gotta know how you make me feel  
You gotta know  
You gotta know  
You gotta know  
You gotta know  
You gotta know how you make me feel  
You've gotta know...
