

## Yeah, You. (Yeah, You)

Broadway

So let me set the scene

We've got her sitting at the bar

The others unexpectedly taking orders to her plan

Are not so full swing

What is the hold up

The timing was perfect

Are you afraid make your move

You better hurry out

'cause your victim's coming too

No one will ever know you're gone

Where are you now?

Swear on my life, I will find you somehow

Isabel, so much more

Than we could ever ask for

Don't you just wanna get loved

In what we've given up

Let me save you

Listen to you

Let me save you

Listen to you

No one will ever know you're gone

Where are you now?

Swear on my life, I will find you somehow

Isabel, so much more

Than we could ever ask for  
Don't you just wanna get loved  
In what we've given up

This is where  
We meet back up at our designated place  
I hope you'll be there  
When you come  
Don't you dare have that look upon your face  
Just act like you don't care

No one will ever know you're gone  
Where are you now?  
I swear, I swear, I will find you somehow  
Isabel, so much more  
Don't you just wanna get loved  
In what we've given up
