

Boyband

BROCKHAMPTON

I think the thing that y'all got that's special that people don't have

Is the ability, I guess, when you guys coined the-

The "boy band" of it all? (Yeah)

That element there, nobody got that

We always thought outside of the lines

Filmin' videos outside, sunrise

DIY made the crew supersize

Buncha gold records, what a wonderful surprise, uh-oh

My teachers said I wouldn't be shit, yeah

My brother said I shouldn't be here

Uh, we did an album in a week, yeah

Uh, and JOBA mixed it by the weekend (Yeah)

No street shit, borderline genius (Woo)

Borderline freakish, dye my hair greenish

Y'all so geekish

In the group where we just keep it (Uh, uh)

Keepin' speakers bleedin' (Yeah, yeah, uh-uh, uh-uh)

Yo, summertime needs this (Uh-oh)

Uh, I said, "Summertime needs this" (Uh-uh, uh, uh)

Yeah, girl, summertime needs this (Uh-oh)

Summertime, yo

My dear friend, what a wonderful surprise

I'm ready to go, I can feel it inside

Think I know I need to go

So I can reach new highs

My dear friend, what a wonderful surprise (Woo)

I'm ready to go, I can feel it inside

Think I know I need to go

So I can reach new highs

We will try to pretend

In my seat with the band
