

## DEAR LORD

BROCKHAMPTON

Dear Lord  
Lord, will You come down and help out my brother  
So please Lord  
He needs You more  
I want You to let him know that he's still loved  
So when Your love shines through like the light  
Let him know You want him to fight (Where do I go now?)  
So God bless you, love  
Heal him with Your light  
Oh, you're prayin' all the time  
He'll show you to the light  
Hold him in Your light  
Hold him in Your light  
Show him Your light, aw yeah  
So when Your love shines through like the light  
Let him know You want him to fight  
Waiting by Your side  
He just needs Your love and Your light
