BROCKHAMPTON

Yeah, go sit out  
Go through somethin', blind new, don't got no tools for now  
They both sit out  
A-T-L, we grab him 'fore the gals come out, bouncin' out  
What am I supposed to do when we feel down and out?  
Wonderful, hate that a bitch standby, feel so magical, like  
You would sit back, hit that three now, got a three and O  
Got four and then my Deage come out, weavin' out  
Nothing really ever come easy now  
Grind it down 'til you both feel unbelievable  
Leave you now, I can't leave you now, now-now-now

Yeah, that's the downside (Downside) of keepin' it in  
That's the downside (Downside) of playin' pretend  
I'm not shinin' for somebody for a love in the dark  
I'm workin' too hard  
And that's the downside (Downside) of keepin' it in  
That's the downside (Downside) of playin' pretend  
I'm not shinin' for somebody for a love in the dark  
I'm workin' too hard  
That's the downside

For these couple racks, this fame or some new Chanel (Ayy)  
Caught a whiff and now, ooh, got that new smell  
Pushin' in that G-Wagen, I wonder how that coupe feel  
How is you feel? Uh, grindin' too, still

Yeah, that's the downside (Downside) of keepin' it in  
That's the downside (Downside) of playin' pretend  
I'm not shinin' for somebody for a love in the dark  
I'm workin' too hard  
That's the downside (Downside) of keepin' it in  
That's the downside (Downside) of playin' pretend  
I'm not shinin' for somebody for a love in the dark  
I'm workin' too hard  
That's the downside

That's the downside  
That's the downside  
Shinin' for somebody for a love in the dark  
I'm workin' too hard
