## BROCKHAMPTON

Put the bag in the cup, add it up, add it up  
Put my friends in the truck, add it up, add it up  
If you thinkin' on me now, that's enough, that's enough  
If you thinkin' on me now, that's enough, that's enough  
Put the bag in the cup, add it up, add it up  
Put my friends in the truck, add it up, add it up  
If you thinkin' on me now, that's enough, that's enough  
If you thinkin' on me now, that's enough, that's enough

They say "what you contribute to my consciousness?"  
Voices feelin' so ominous  
I can't place a pen for you, they mark it out as anonymous  
I would shift the whole continent if it helped you round with some confidence  
Thinkin' bout all the consequence  
Gotta try to break, what's monotonous

How could I be better?  
I paid the price in full, just to clear the record  
Rewound just to fast forward  
On the A track, I stole from my grandmama

Catastrophic, where the stoppin'?  
Man, I wish I had a rocket  
Wish I ain't feel microscopic  
Wish my thoughts was telepathic  
But instead I'm always bad, man  
No rappin', that is my girlfriend  
Every toe is like a cabbage  
Just kidding, I love you assholes

Put the bag in the cup, add it up, add it up  
Put my friends in the truck, add it up, add it up  
If you thinkin' on me now, that's a enough, that's a enough  
If you thinkin' on me now that's a enough, that's a enough  
Put the bag in the cup, add it up, add it up  
Put my friends in the truck, add it up, add it up  
If you thinkin' on me now, that's enough, that's enough  
If you thinkin' on me now, that's enough, that's enough

It's hard to air out in deep water  
You keep calling, I ignore it  
Cleared my conscience in absurd ways  
I do the things you hate, I'm changing every day  
(I just wanna know, know) {I just wanna know where the party at}  
(I just wanna know, know) {24/7 thinkin' 'bout you}  
(I just wanna know, know) {I just wanna know when we leavin', boo?}  
(I just wanna know, know) {24/7 thinkin' 'bout you}  
(I just wanna know, know) {I just wanna know where the party at}  
(I just wanna know, know) {24/7 thinkin' 'bout you}  
(I just wanna know, know) {I just wanna know when we leavin', boo?}  
(I just wanna know, know) {24/7 thinkin' 'bout you}

Put the bag in the cup, add it up, add it up  
Put my friends in the truck, add it up, add it up  
If you thinkin' on me now, that's a enough, that's a enough  
If you thinkin' on me now that's a enough, that's a enough

Put the bag in the cup, add it up, add it up  
Put my friends in the truck, add it up, add it up  
If you thinkin' on me now, that's enough, that's enough  
If you thinkin' on me now, that's enough, that's enough
