

## SUGAR

## BROCKHAMPTON

Spending all my nights alone, waiting for you to call me  
You're the only one I want by my side when I fall asleep  
Tell me what I'm waiting for  
Tell me what I'm waiting for  
I know it's hard, but we need each other  
Know it's hard, but we need each other

I move mountains on my own, don't need nobody's help  
Change your mind when I change my life, better start believing in myself  
And we all now, looking for, looking for God, so we never see it in ourselves  
Shit, divine intervention, move in stealth  
It's hard to tell what do prayer compelled  
You can find me dancin' in between the raindrops  
Tryna find a way to make the pain stop  
Overtime on the graveyard got a nigga feelin' real  
My instability's trademark, copywritten in all my decisions  
This is not supposed to be a way of living  
Tear my temple down into a prison

Spending all my nights alone, waiting for you to call me  
You're the only one I want by my side when I fall asleep  
Tell me what I'm waiting for  
Tell me what I'm waiting for  
I know it's hard, but we need each other  
Know it's hard, but we need each other

Yeah, back on Vincent with the braces on  
You slide out the back without the neighbors knowin'  
Pose for the picture with the pearly whites  
That lens zooming in, catching all my stripes  
Used to trade a joint for some molly  
And she gave me all I need for the night  
Forties suffice, I'm only alright, but I need some advice  
And I know that I'm acting foolish  
Could you pick me up around noonish?  
Half a blunt, yeah we coolin'  
Twist it up, puttin' on OutKast  
Time to take a seat and yeah we cruisin'

And I love right, I love you right  
All by yourself, but I make it right  
Baby, I want you to know  
I'ma be there for you, I'ma make you see that  
I want you  
I want you

Spending all my nights alone, waiting for you to call me  
You're the only one I want by my side when I fall asleep  
Tell me what I'm waiting for  
Tell me what I'm waiting for  
I know it's hard, but we need each other  
Know it's hard, but we need each other

Back and forth, I'll take that if that's all you're asking for  
With my legs up on the dashboard  
Only thing in my pocket is my passport -p- passport

Back and forth, I'll take that if that's all you're asking for  
With my legs up on the dashboard  
Only thing in my pocket is my passport -p- passport

Back and forth, I'll take that if that's all you're asking for  
With my legs up on the dashboard  
Only thing in my pocket is my passport -p- passport

So, do you love me? Love me, love me  
Do you love me? Love me, love me  
Do you love me? Love me, love me  
Do you love me? Love me, love me, ohh

Do you love me? Love me, love me  
Do you love me? Love me, love me  
Do you love me? Love me, love me  
Do you love me? Love me, ohh
