

## Dream My Days Away

Broder Daniel

I, I dream my days away  
I dream my days away  
Oh I just let them pass  
I dream my days away  
Oh don't try to understand me  
Don't try to understand me  
Oh I make believe  
I dream my days away  
I dream my days away  
Oh I don't listen to what people say  
I let the days go by  
While I'm still young I dream my days away  
Yeah  
Yeah  
I dream my days away  
Oh I just let the days go by
