

## Excuses

## Broken Back

I'll choose each word carefully  
Because you need to write it down  
I know you've never lied to me  
And deserve to know what's in my mind

My turn to tell you what I think  
Listen to what I'm singing  
All of the lines I'm gonna write  
Are silently blasting in my mind

We tried and I failed  
Even if I can't give you  
What you want, I want you to know  
That I'll ever ever love you  
We tried and I failed  
I perfectly know that I hurt you  
All those tears were my shame  
But I'll ever ever love you  
But I'll ever ever love you

When we first kissed, I was lost  
I'm not saying I didn't want  
But now I know how I hurt you  
I can't help thinking that I did wrong

Maybe I was afraid, not to satisfy  
All of the hopes you put on me  
Now I know how delicate  
What I asked you turned out to be

We tried and I failed  
Even if I can't give you  
What you want, I want you to know  
That I'll ever ever love you  
We tried and I failed  
I perfectly know that I hurt you  
All those tears were my shame  
But I'll ever ever love you  
But I'll ever ever love you

But I'll ever ever love you

We tried, I failed  
Even if I can't give you  
What you want, I want you to know  
That I'll ever ever love you  
We tried, I failed  
I perfectly know that I hurt you  
All those tears were my shame  
But I'll ever ever love you

But I'll ever ever love you
