

Ohlala

Broken Back

Oh La La La
I see the fire's burning low
And I get like
Oh Na Na Na
Come on give'm some more
Faya faya faya
Before the time's up and they go
And I get like
Oh Na Na Na
Come on give'm some more

What is freaking ticking off right here
I got this stuck deep in my head
What I do when it now all comes clear
It's ticking off till we all are dead

Time is what we want most and thus
Rewind it cause we used it worst
There is no more coming bus
Neither ways just to come back

Sometimes I get low
Somehow the dept grows
Somewhat we get slow
Clock fading it goes like

Oh La La La
I see the fire's burning low
And I get like
Oh Na Na Na
Come on give'm some more
Faya faya faya
Before the time's up and they go
And I get like
Oh Na Na Na
Come on give'm some more

As I walk down
On a late run
And I try to think
About cracking codes yeah
Angel face but
Devil thoughts you gotta
Gotta see this
I'll find a way

And it all now comes clear
There is no life rewind button
Then it all comes like a fear
I am not Benjamin Button

Fika fika all gonna die
See ya see ya time never lies
Fika fika all gonna die
See ya see ya time never lies

Sometimes I get low

Somehow the dept grows
Somewhat we get slow
Clock fading it goes like

Oh La La La
I see the fire's burning low
And I get like
Oh Na Na Na
Come on give'm some more
Faya faya faya
Before the time's up and they go
And I get like
Oh Na Na Na
Come on give'm some more

Keep the show on runnin'
Keep the head up fighting
Keep the show on runnin'
Keep the head up fighting

Oh La La La
I see the fire's burning low
And I get like
Oh Na Na Na
Come on give'm some more
Faya faya faya
Before the time's up and they go
And I get like
Oh Na Na Na
Come on give'm some more
