

Survive

Broken Back

When I get low and drawn
As my glory age has dawned
Then I go round and round and try to
Get the freak my head out of the ground

And I've been
Walking walking
Keep my head up trying
To survive in this
To survive in this
And I keep
Fighting fighting
Deep inside I'm swaying
I'll survive in this
Yes survive in this

And I've been
Walking walking
Keep my head up trying
To survive in this
To survive in this
And I keep
Fighting fighting
Deep inside I'm swaying
I'll survive in this
Yes survive in this

Take it with a pinch of salt
No matter how rough and fierce are the assaults
Now I'm sitting on the fence
No matter I won't go down in flames

When I get low and drawn
As my glory age has dawned
Then I go round and round and try to
Get the freak my head out of the ground

And I've been
Walking walking
Keep my head up trying
To survive in this
To survive in this
And I keep
Fighting fighting
Deep inside I'm swaying
I'll survive in this

I'll survive in this
Yes survive in this

I'll survive in this
Yes survive in this

I'll survive in this
Yes survive in this
