

## Time

## Broken Back

Time has no take on me  
I am calm, I am free  
When I'm by the sea  
Crime was to not be here  
And now you see  
When I am by the sea

Come babe, let's go get a shelter  
Build a house we could love in  
A place where Time God no longer  
Hold us, babe, no more

Hold us, babe, no more

I hold my old broken clock  
Right two times a day  
Happiness is all blind  
The cold though my old faded coat  
Try to find a way  
But I pay no mind

Come babe, let's go get a shelter  
Build a house we could love in  
A place where Time God no longer  
Hold us, babe, no more

Hold us, babe, no more
