Wait

Broken Back

It's impure
The death at my door
Nothing to cry about
Nothing, he swore
I'm burning out
Once time I'm gone
Argue the odds
Forgive me, son

I was wait, wait
I don't know if I'm gonna stay
Hey, he said in a delicate way, way
Let me hold you when I summate
Our heart
I was wait, wait, wait, wait

Once in awhile
You go down to show
Remember all the doubts
Remember wars
Hope in your smile
Is hope after all
Nothing to cry about
Nothing he swore

I was wait wait
I don't know if I'm gonna stay
Hey, he said in a delicate way, way
Let me hold you when I summate
Our heart
I was wait, wait, wait wait
I was wait wait
