

Wake Up

Broken Back

I know we're lost in this race
It's where we hide from the truth
Her voice was clear and my hands
Cold as she broke the news

And now I'm stuck in place
I don't know what to accuse
My eyes they shrunk in my head
I hate these freaking news

Wake up, wake up, wake up now
Don't miss your life
Way up, way up, way up high
They'll show you how
Get up, get up, get up now
The time goes by
Keep it, keep it, keep it in mind
For the rest of your life, life, life
For the rest of your life, life, life
For the rest of your life

For the rest of your life
For the rest of your life

I know we're lost in this race
It's where we hide from the truth
Her voice was clear and my hands
Cold as she broke the news

And now I'm stuck in place
I don't know what to accuse
My eyes they shrunk in my head
I hate these freaking news

I know we're lost in this race
It's where we hide from the truth
Her voice was clear and my hands
Cold as she broke the news

And now I'm stuck in place
I don't know what to accuse
My eyes they shrunk in my head
I hate these freaking news

Wake up, wake up, wake up now
Don't miss your life
Way up, way up, way up high
They'll show you how
Get up, get up, get up now
The time goes by
Keep it, keep it, keep it in mind
For the rest of your life, life, life
For the rest of your life, life, life
For the rest of your life

For the rest of your life
For the rest of your life
