

Engorged With Impiety

Broken Hope

There are no boundaries for how far I will go
Caught in the clutch of a raging libido
Tongue subjected to cunnilingus
Around the rim, accidental annilingus
I live a life of pornography
Making explicit smut a reality
A deep sexual hunger must be satiated
Beyond anything fantasized or masturbated
An ensuing orgy of impure fornication
Indecent indulgences in sexual gratification
Intertwined limbs writhe belly to belly
Intercourse positions of unwholesome carnality
Pink tender openings fingered, licked and fucked
My hot, hard phallus lovingly sucked
Wet quivering quim, every orifice I lubricate
Orally, vaginally and anally I penetrate
In every luscious hole, I ejaculate
The perversions of Eros I celebrate
I long to lap up the sweet nectar of her loins
Yearning to lengthily chow on musky cooze
Gormandizing on the overflowing font of a greasy gorge
Drinking the delicious poontang of a harlot's slit-dish
I deviate, experimenting in every aspect
Fucking every furrow on soft ass meat
Beyond anything fantasized or masturbated
An ensuing orgy of impure fornication
Indecent indulgences in sexual gratification
Intertwined limbs writhe belly to belly
Intercourse positions of unwholesome carnality
Pink tender openings fingered, licked and fucked
My pud-butter into every dumphole I find
My engorged, swollen beef-baton gives a colon choking reaming
Skin folds and cracks caulk with flowing jism
I toil for a mutual climax
Aroused by inflicting others with sadism
Pleasure from pain, victimized by masochism
Erotic extremes accelerate into hypereroticism
I lose myself as I stare with vivid voyeurism
As two curvaceous tarts embrace in sapphism
Truly engulfed with incontinence
Letting loose my hunger by prurience
Upon moist, fleshly gash I prolifebrate
The meatus of a virgin vulvae pulls me in
Majoras and nymphas hold me tight
Nymphomania rages as I insanely copulate
Swelling with the searing heat of my sexual instinct
Beyond anything fantasized or masturbated
