### Broken Social Scene

All they want is to feel it  
All they want is to feel it  
All they want is to feel it  
All they want is to feel it  
(We won't be what you want to be, OH NO)  
(We won't be what you want to be, OH NO)  
All they want is to feel it  
(We won't be what you want to be, OH NO)  
All they want is to feel it  
(We won't be what you want to be, OH NO)  
All they want is to feel it  
(We won't be what you want to be, OH NO)  
All they want is to feel it  
(We won't be what you want to be, OH NO)

All they want is to feel it  
(We won't be what you want to be, OH NO)  
All they want is to feel it  
(We won't be what you want to be, OH NO)  
All they want is to feel it  
(We won't be what you want to be, OH NO)  
All they want is to feel it  
(We won't be what you want to be, OH NO)

All they want is to feel it

Pull it close, pull it closer, I play it close  
Head-to-toes tonight, recognizing the ghost  
and the machine getting in between the thought and the finger.  
At the brink of an evolution, we're going to linger  
Come on!  
(OH NO, OH NO, OH NO)  
(We won't be what you want to be, OH NO)
