## Brokencyde

Anticipation, make me wait  
Ain't nothing like the buildup  
Anticipation, make me wait  
Ain't nothing like the buildup

Yeah, you're building me up  
With the [?]  
Yeah, you're building me up  
Before [?] I'm disappointed

Do you understand I can't let just anybody  
Have their way with me anymore?  
And you should feel lucky just to suck on my toe  
While I space out and pretend  
It's more than a hit-and-run, you'll fuck for fun  
While I scrape up any love that's off the cocaine hole, that's old  
And it's in my heart while you tear me apart  
I'll make believe you'll stay the night while you push and you move

What goes around turns back again  
Anticipation, let's pretend  
I see the look, she's down to fuck  
I'm on the hook, she's down to fuck, fuck, fuck  
She's down to fuck, fuck, fuck (she's down to fuck)  
Fuck, down to fuck, fuck, fuck, fuck  
Down to fuck, let's fuck, let's fuck (let's fuck)  
Baby, what's up? Baby, what's up?  
(Let's fuck, let's fuck) ooh, no, no, no, no  
(Let's fuck, let's fuck)

Take you, take you on a wild ride  
Feel like the ocean and the sunshine  
Can't take it, really can't take this  
We'll make it, life is what we make it  
She want a rockstar, popstar, swiping on a band tip  
Like magic, have it any way you want it  
Got it, let's go, we can take a sexpedition  
Vision, then we switch position, yeah

What goes around turns back again  
Anticipation, let's pretend  
I see the look, she's down to fuck  
I'm on the hook, she's down to fuck, fuck, fuck  
She's down to fuck, fuck, fuck (she's down to fuck)  
Fuck, down to fuck, fuck, fuck, fuck  
Down to fuck, let's fuck, let's fuck (let's fuck, let's fuck)  
Baby, what's up? Baby, what's up?

Anticipation, make me wait  
Ain't nothing like the buildup  
Anticipation, make me wait  
Ain't nothing like the buildup  
Tell me, show me what you got (what you got)  
Tell me, show me what you got (what you got)  
Tell me, show me what you got (what you got)  
Tell me, show me what you got (what you got)

You make it mine  
You make it mine

Show me what you got  
Show show show me what you got  
Show me what you got  
Show show show me what you got  
Show me what you got  
Show me what you got  
Show me what you got  
Show me what you got
