

Fall Back

Brokencyde

Exclusive shit!
Yeah, oh, yeah!

Fall back, no P.C. baby, I'm Mac
At the club all packed, but we still chill in the back
Sippin' henny, got Coronas on tap
Smokin' weed with some shorties that I knew from way back
Fall back, lay back
Always gotta stay strap
When you see me in the city
Bitch you better stay back (Back)
Money in my pocket if you want it, I'm a drop it
Better fall back, homie, it ain't over 'til I rock it
Everybody put your fuckin' devil horns in the air
It's about to get loud

We can ball all day, cause we ball like that!
Get loose everyday, makin' money like that!
Get loose, fall back, everybody fall back!
Get loose, fall back, everybody fall back!

We can ball all day, 'cause we ball like that!
Get loose everyday, makin' money like that!
Get loose, fall back, everybody fall back!
Get loose, fall back, everybody fall back!

Yeah, you know you boy straight fining' and all that
Walk up in the mall and everybody like: "Who's that?"
Just spending all my change at the shop
Gettin' new tats
Got my arms wrapped
You, city player, where you at? (Where you at?)
Got the O in my pocket and it's fat (That was fat)
No nonsense, diverse content
We touch continents, say that I paid for that
So don't tell me I didn't
You can get burned, permanent
So don't touch this furnace
(It's fire!)

We can ball all day, cause we ball like that!
Get loose everyday, makin' money like that!
Get loose, fall back, everybody fall back!
Get loose, fall back, everybody fall back!

We can ball all day, cause we ball like that!
Get loose everyday, makin' money like that!
Get loose, fall back, everybody fall back!
Get loose, fall back, everybody fall back!

Fall back, this is Klassik
Ballin like the NBA, the money so massive
Money hungry bitches always thinkin' I'm a attractive
Drivin' real slow, bitch, I'm holding up traffic
Drivin' through the A, grippin' wood [?]
Can't be drippin' paint, got me swervin' through the lanes
Droppin' in my Lambo, 'bout to pick me up a freak

Nasty chicken head, that met last week
Sippin' on the bourbon, thinkin' that I'm from Kentucky
You ain't on my level, bitch you couldn't even touch me

We can ball all day, cause we ball like that like that!
Get loose everyday, makin' money like that!
Get loose, fall back, everybody fall back!
Get loose, fall back, everybody fall back!

We can ball all day, cause we ball like that!
Get loose everyday, makin' money like that!
Get loose, fall back, everybody fall back!
Get loose, fall back, everybody fall back!

When I catch you in the club, you better fall back
Everybody fall back!
Don't come at me like:
"Hey, you know the deal, you know the deal" shit...
Everybody fall back!
Catch an Hawaiian punch to the face, man, I'm telling you
