

Write It On the Wall

Brokencyde

I love you, said, "Me too"
I don't need anything at all
I need you, I miss you
I don't mean to write it on the wall
I don't need to write anything at all

Write your name, then I cross it out
Pick daisies just for the doubt
Misfortune in the name of pain
Love and tears, sunshine, rain
Find the absence is callin' me
I don't wanna be anywhere you are
You hate me, you love me
Then you stab me in my heart, [?]

I love you, said, "Me too"
I don't need anything at all
I need you, I miss you
I don't mean to write it on the wall

Said I'd be better
Who said live bitter?
Kerosene sweater always keepin' me warm
Full of life, filled with empty charm
Rain in my heart, I'm runnin' at the alarm
We'll be okay, I swear the end of the day, you'll say

I love you, said, "Me too"
I don't need anything at all
I need you, I miss you
I don't mean to write it on the wall
I don't need to write anything at all
