

Deena

BRONCHO

Deena walking like mother nature
Deena talking like Jesus hates ya
She's too good to you
Jesus walking like he's on water
Jesus talking like he's on water
He's too good to you

Oh my God she died, and I'm up, she came in
Nice, just another cup, who am I to test
Test, twice
To live, just to live, hey, hey, one month
To live, just to live, hey, hey, one month

Jesus talking he Deena mama
Deena teaches Jesus such as papa
Still can feel

Do you hold the cups for conversation
Oh my God she died and I'm up, she came in
Nice, just another cup, who am I to test
Test, twice
Just another, hey, hey, woman

Say you wanna look the same, the same I wanna say
Say you wanna feel something, say you wanna care
I don't wanna, I don't wanna, I don't wanna know
A little just cause it's the only way to go
To live, just to live, hey, hey, one month
To live, just another, hey, hey, one month
To live, just to live, hey, hey, one month
To live, just to live, hey, hey, one month
