

Losers

BRONCHO

Tell each other come with the pickup truck
And the cops kept calling my name
All the time I can tell that this girl is insane

They be tryna pay with the mud light down
And I try to kept calling my name
All this time I could tell that this bitch is insane

Losers take all
Losers takes all the money
Losers take all
Losers take all the money
Losers take all
Losers take all the money tonight

Part of coming calm with the pat on her nose
And I try to kept calling her name
All along I could tell that this bitch is insane

All, all along with the pickup trucks
And the cops kept calling my name
All along I could tell that this girl is insane

Losers take all
Losers takes all the money
Losers take all
Losers take all the money
Losers take all
Losers take all the money tonight
Losers take all
Losers takes all the money
Losers take all
Losers take all the money
Losers take all
Losers take all the money tonight
