

Please Try Me

BRONCHO

Look me up sometime
Look me up sometime
When you're trying to get off
I'll get ya sent to bed
Look me over when you're done
Look me over when you're done
When you're trying to get off
Or trying to get fed

Won't you try me out sometime?
Won't you try me out some
Time time time time?

Look me over when you're done
Look me over when you're done
Gotta straighten me out
Gotta get me straight
Hit me up sometime
Hit me up sometime
When I'm getting it off
You gotta shut your mouth

Won't you try me out sometime?
Won't you try me out some
Time time time time?
Won't you try me out sometime?
Won't you try me out some
Time time time time?

Hook me up sometime
Hook me up
You got you runnin' ya mouth
Gotta get you out
Get me over when you're done
Get me up when you're done
Ya gotta get gone
And get you off of my head

Won't you try me out sometime?
Won't you try me out some
Time time time time?
Sometime?
Please
Please
Please

Please
Please
Sometime?
Won't you try me out sometime?
Won't you try me out some
Time time time time?
