

Record Store

BRONCHO

Well at first, what a sight
With a child, with delight
Saw you whip, out of sight

Don't you try to come to my record store
No, I don't wanna see you in my record store
D-d-don't you try to come to my record store
D-d-don't you, d-d-don't you
No, no, no, no

Something's got me crazy, something's got me crazy
Something's got me crazy that you put in my mind
So what am I to do? Now what am I to do?
Now what am I to do to get it out of my mind?

Don't you try to come to my record store
No, I don't wanna see you in my record store
D-d-don't you try to come to my record store
D-d-don't you, d-d-don't you
D-d
Woah, woah, woah, woah

Don't you try to come to my record store
No, I don't wanna see you in my record store

Bring the queer, or the wine
Short fuse, for my kind
You may kept green, well that's fine

Don't you try to come to my record store
No, I don't wanna see you in my record store
D-d-don't you try to come to my record store
D-d-don't you, d-d-don't you
No, no, no, no

Well that I'm aware of you, check it twice
Gotta help me keep it out of my life
She's clearly under the rug making me
Know I gotta tell you about the [?] taking my life

But I ain't gotta tell you what you're looking for
I ain't got the time for this no more
I don't want you 'round my face no more
D-d-don't you, d-d-don't you
Woah, woah, woah, woah

Don't you try to come to my record store
No, I don't wanna see you in my record store
D-d-don't you try to come to my record store
D-d-don't you, d-d-don't you
D-d-don't you, d-d-don't you
No
