

Señora Borealis

BRONCHO

In the age of early Internet
She never really has to wait for nothin'
Always making time for making money
Through the lobby with a busy body

And you seen her on the escalator
And you seen her with the lady fingers
And you seen her and love to hate her
And you seen her in the city paper

Spillin' the blood
Spillin' the beans
All over Dallas
Señora Borealis

In the eye of the beholder
You can take it for a walk
You can whip it on your shoulder
You can whip it on the cops
You can fake it 'til you're older
You can tie it up in knots
Over shoulder with a boulder holder
You can whip it on the cops

Spillin' the blood
Spillin' the beans
All over Dallas
Señora Borealis

Too hot to trot
In Camelot
And the beat don't stop
In Camelot

I heard it happened down on Regal Row
I think I heard it down on Harry Hines
I might have heard it on the radio
I heard you had a pic of her behind
I think I heard it out of her behind the place
By the place behind the by the way she said
She didn't look
By the look of it she guilty but she innocent
She didn't even mean it
But we all know that she really should remember it

Spillin' the blood
Spillin' the beans
All over Dallas
Señora Borealis
Spillin' the blood
Spillin' the beans
Spillin' the blood
Spillin' the beans
All over Dallas
Señora Borealis
