Speed Demon

BRONCHO

Speed demon
He's over your head
He's under your bed

I'm on my knees
Bubba bite my tongue
He won't let you down
He's all over town

I like the way that you book
I like the way that you boogie
Don't look down the stair
He's already there

Who's got the keys to my kingdom?
Papa speed demon

I like the way that you book
I like the way that you boogie
He's fresh outta cash
He's ridin' my ass

I like your walk do you like my run?
Who's got the keys the keys to my kingdom?
You wanna ride wanna ride dream on
Papa speed papa speed demon

Between the prayers
I'd like to find ya
I see your flares and I see your fire
If you get scared baby pop a Rhonda
Wash your hair just don't get any on ya

I like the way that you book
I like the way that you boogie

He's already down
He's fresh outta town

I like the way that you book
I like the way that you boogie

He's leaving you home alone
You already know you know

I like the way that you book
I like the way that you book
I like the way that you book
I like the way that you book
I like the way that you book
I like the way that you book
