

# Try Me Out Sometime

BRONCHO

Look me up sometime  
Look me up sometime  
When you're trying to get off  
But can't just hit the bit  
Look me over when you're done  
Look me over when you're done  
When you're trying to get off  
Trying to get fit

Won't you try me out sometime?  
Won't you try me out some  
Time time time time?

Look me over when you're done  
Look me over when you're done  
Gotta straighten me up  
Gotta get me straight  
Show me off sometime  
Show me off sometime  
When I'm getting it off  
You gotta shut your mouth

Won't you try me out sometime?  
Won't you try me out some  
Time time time time?

Hook me up sometime  
Hook me up!  
Got you runnin' ya mouth  
Gotta get you out  
Get me over when you're done  
Get me up when you're done  
Gotta get gone  
Get you off of my head

Won't you try me out sometime?  
Won't you try me out some  
Time time time time?

Won't you try me out sometime?  
Won't you try me out some  
Time time time time?
