Two Step

BRONCHO

I wanna lose myself when you walk in the door
I wanna use myself like I'm 6 4
I wanna lose myself when you walk in the door
I wanna use myself like I'm 6 4

She wanna two step says she wanna two step for ya
Holdin' swingin' on the overflow
She wanna kiss ya dancin' on the overflow

I wanna use myself when you walk in the door
I wanna lose myself like I'm 6 4
I wanna do or tell with my face in the floor
I'm gonna bruise my hip on your front door
My hip your front door
Well she wanna do it for herself what the rhythm is for
I'm gonna use myself like I'm 6 4
Myself I'm 6 4

She wanna two step says she wanna two step for ya
Holdin' swingin' on the overflow
She wanna kiss ya dancin' on the overflow

She wanna ease up
Says she wanna ease up slowly
Losin' her grip on the edge of the door
She wanna kiss ya dancin' on the overflow

Fantasize the biggest thing
Eyes wide and everything
I'm a fear honey what you bring
Oh she wanna fit it all into one big scene
Idolizin' everything
Only bring only what you bring

Well she wanna two step says she wanna two step for ya
Holdin' swingin' on the overflow
She wanna kiss ya dancin' on the overflow

She wanna ease up
Says she wanna ease up slowly
Losin' her grip on the edge of the door
She wanna kiss ya dancin' on the overflow

I wanna lose myself when you walk in the door
I wanna use myself like I'm 6 4
I wanna use myself when you walk in the door
I wanna use myself like I'm 6 4
Use myself like I'm 6 4
