

## Do It

Bronski Beat

Shake your body  
Lose your mind  
We set our standards  
In this world of mine  
Let's do it do it once again  
Let's do it do it one more time  
Let's do it while the night is young  
Don't keep, don't keep your distance

You look so good  
You look so fine  
The question is your state of mind  
Let's do it, do it once again  
Let's do it, do it one more time  
Let's do it while the night is young  
Don't keep, don't keep your distance

Gonna shake  
Gonna shake your body

The pressure's lifting  
I'm feeling high  
You cannot reach me  
In this world of mine  
Move your body  
Close to mine  
We've got our standard, in this world of mine
