CALL OUT

BRONSON

It all calls out
It all comes down
'Cause I called out
And now, and now
It all comes down
And now, and now
'Cause I called out
'Cause I called out
'Cause I called out

It all comes down
'Cause I called out
And now, and now
It all comes down
And now, and now
'Cause I called out

It's all your fault and all this
It all occurred then hold this
It's all your fault and all this
It all occurred then hold this
It's all your fault and all this
It all occurred then

'Cause I called out
(It's all your fault and all this
It all occurred then hold this)
'Cause I called out
(It's all your fault and all this
It all occurred then hold this)
'Cause I called out
