

Here For Now

Bronze Radio Return

Roll right in and roll right out
I'm not here long, in this here town
These days I'm really not one for settling down
Some move on, and some will stay
Dive right in and acclimate
But that's not who I am, no it's not my place

Sure I'm around, but I'm only here for now
I'm coming in, then I'm out
I'm only here for now

I'm passing through
Gonna, gonna be gone soon
I'm-a, I'm-a lone rover
Get-a, get-a move on soon
I'm-a, I'm-a lone rover

Wander through the open range
I plant my roots on a moving train
I only want the ball, you can keep the chain
Here right now that's all I know
Roll on out when it's time to go
My house is the road ahead
And I'm always home

So I'm around, but I'm only here for now
I'm coming in, then I'm out
I'm only here for now

I'm passing through
Gonna, gonna be gone soon
I'm-a, I'm-a lone rover
Get-a, get-a move on soon
I'm-a, I'm-a lone rover

Be gone, be gone, be gone, be gone
If I come back, then I'll hit you up
Be gone, be gone, be gone, be gone
If I come back, then I'll hit you up

I'm only here, I'm only here, I'm only here for now
Then I'm on my way on out

I'm passing through
Gonna, gonna be gone soon
I'm-a, I'm-a lone rover
Get-a, get-a move on soon
I'm-a, I'm-a lone rover

I'm only here for now
I'm-a, I'm-a lone, I'm-a lone rover
I'm only here for now
I'm-a, I'm-a lone, I'm-a lone rover
