

Holding My Breath

Bronze Radio Return

I'm not holdin' my breath on you
I'm not, I'm not
I got plenty of air to use
I got, I got
I'm not expectin' a thing from you
No, no, tellin' you I refuse
To hold my breath on you

When you speak I don't believe ya
You look down like I'm beneath ya
But not again, I'm over it
I'm gonna cut this cord and lose connection
Dimes up on my affection
So adios, I'm over it

No more, can't hold it in
Feels so good, I can breathe again

I'm not holdin' my breath on you
I got plenty of air to use
I'm not expectin' a thing from you
No, no, tellin' you I refuse
To hold my breath on you

No more time to entertain ya
I'm through chasin' the pendant
It's wearin' me out, I'm over it
I like my air fresh, not in the stale wind
You're the draft that I'm exhalin'
I'm better off now, I'm over it

No more, can't hold it in
Feels so good, I can breathe again
No more, not happenin'
Feels too good, I can breathe again

I'm not holdin' my breath on you
I'm not, I'm not
I got plenty of air to use
I got, I got
I'm not expectin' a thing from you
No, no, tellin' you I refuse
To hold my breath on you
