

Ready To Go

Bronze Radio Return

I went away for a little too long
I held out when I should've been carrying on
And now I see I was so lost

I should've called at the very least
Would it say "unknown" on your caller ID?
Or maybe my number's still saved

Now I'm standing here
Hungry, and I'm ready for action
So, let me tell you I'm
Ready to jump right back in, back in

Yeah, I'm ready, I'm ready to go
Yeah, I'm ready to go again
Yeah, I'm ready, and I want you to know
Yeah, I'm ready to go again
Ready to go again

Took a minute, but I figured out
That no one ever really has it all figured out
Fall down, get up and repeat

Don't believe it, let me demonstrate it
I took apart who I was, and I rearranged it
I'm better than I was before

Now I'm standing here
Hungry, and I'm ready for action
So, let me tell you I'm
Ready to jump right back in, back in

Yeah, I'm ready, I'm ready to go
Yeah, I'm ready to go again
Yeah, I'm ready, and I want you to know
Yeah, I'm ready to go again

I had to clear my head
And find my way
Back to the start again
Yeah, I might be late
But I'm not done trying yet

Yes, I'm ready, I'm ready to go
Yes, I'm ready to go

Yeah, I'm ready, I'm ready to go
Yeah, I'm ready to go again
Yeah, I'm ready, and I want you to know
Yeah, I'm ready to go again
