

Up, On & Over

Bronze Radio Return

Ahhhhhhh ahhhhh ahhhhhhh ahahhhh
Ahhhhhhh ahhhhh ahhhhhhh ahahhhh

I'm at the base of the mountain running uphill
You're either running for the top
Coming down or you stand still
It's a low how the seabends fair well
Yeah, I know it just repeats like a drum beat, like a drum beat
, like a drum beat

The way up, the way on, the way up, on, and over
The way up, the way on, the way up, on, and over
And after all and all and all, it's just a wheel we're spinnin
on

It's the bottom of the barrel I know now
The last and the cast, the little fly over
So I went to carbony, get poured out
Fillin up the glass we're waiting for the masses

The way up, the way on, the way up, on, and over
The way up, the way on, the way up, on, and over
And after all and all and all, it's just a wheel we're spinnin
on

Ahhhhhhh ahhhhh ahhhhhhh ahahhhh
Show me up
Ahhhhhhh ahhhhh ahhhhhhh ahahhhh
Show me up

The way up, the way on, the way up, on, and over
The way up, the way on, the way up, on, and over
Up on and over, up on and over. It's just a wheel we're spinnin
g on
