

Everything Goes (Wow)

BROODS

Time slips away
And I lose another day
But I try not to wish
For anything but this

I know
Full circle comes around
To go
Don't feed the underground

'Cause so now you know
So I take it real slow baby
Now, now, now
You know, you know
Everything goes baby
Wow, wow, wow

So now you know
So I take it real slow baby
Now, now, now
You know, you know
That everything goes baby
Wow, wow, wow

We're all on our way
To that world beyond our days
If we walk in the sun
We'll have peace when it's done

I know
Full circle comes around
To go
Don't feed the underground

'Cause so now you know
So I take it real slow baby
Now, now, now
You know, you know
Everything goes baby
Wow, wow, wow

So now you know
So I take it real slow baby
Now, now, now
You know, you know
That everything goes baby
Wow, wow, wow

Baby wow, wow, wow
Baby wow, wow, wow

So when time slips away
All the love that I gave
Will be left on the walls
And I'll live after all

'Cause so now you know (Yeah)

So I take it real slow baby
Now, now, now
You know, you know
Everything goes baby
Wow, wow, wow

So now you know (You know)
So I take it real slow baby
(Take it slow)
Now, now, now
You know, you know (You know)
That everything goes baby
Wow, wow, wow

(Now)
Take it slow
(Wow, wow, now, wow)
Wow, wow, wow
You know
Take it slow
(Wow, wow, wow)
You know
