

Break Up On Vacation

Brooke Alexx

We've been dating a few months now
It's been pretty great, yeah I got no complaints
Thought I'd be kinda cute, plan us a quick getaway
Who knows it'd seal our fate?

A few days just us all alone
But it didn't go like I hope
I learned some things I wish I still didn't know
Oh

Uh oh, it's eating me up alive
Uh oh, there'll never be a better time
Uh oh, I made up my mind
Yeah I tried but I can't fake it
Uh oh, we've been getting too close
Uh oh, I think it's best you go home
Call me stone cold
When I break up with you on vacation

Couldn't help but judge him every time he got drunk
Went to hard at karaoke, kinda made me throw up
It's over, yeah, I'm so done
I can't go back 'cause I've seen too much

Uh oh, it's eating me up alive
Uh oh, there'll never be a better time
Uh oh, I made up my mind
Yeah I tried but I can't fake it
Uh oh, we've been getting too close
Uh oh, I think it's best you go home
Call me stone cold
When I break up with you on vacation

It's the end
You can bet this is it
Nothing left
Can't pretend I'm all in
It's the end
You can bet this is it
