

# Drunk

Brooke Alexx

High and I'm floating  
I'm never this open  
But you make me wanna try

Lost in the moment  
I'm gone and I know it  
I could do this all night

I'm sliding over  
I know you like me inching closer  
Feeling bolder  
Might not believe me, but I'm sober  
Hold the Bacardi, Tito's and Jack  
I don't need that

Ain't no drink could get me this drunk, drunk  
Ain't no thing could get me this flush, flush  
Better call an Uber cause I'm buzzing, crushing, heartbeat rushing  
Got me thinking might be something  
Drunk, drunk  
Ain't no drink could get me this

Wild, you're exciting  
Your wit and your timing  
You're teasing me with those eyes

Digging your Nikes  
Must be a Pisces  
Wearing your Levi's tight, nice

I'm sliding over  
I know you like me inching closer  
Feeling bolder  
Might not believe me, but I'm sober  
Hold the Bacardi, Tito's and Jack  
I don't need that

Ain't no drink could get me this drunk, drunk  
Ain't no thing could get me this flush, flush  
Better call an Uber cause I'm buzzing, crushing, heartbeat rushing  
Got me thinking might be something  
Drunk, drunk  
Ain't no drink could get me this

Drunk  
Messed up, undone, untucked, lips smudged  
Drunk  
I think I'm in love

Ain't no drink could get me this drunk, drunk  
Ain't no thing could get me this flush, flush  
Better call an Uber cause I'm buzzing, crushing, heartbeat rushing  
Got me thinking might be something  
Drunk, drunk  
Ain't no drink could get me this
