

# Grace

Brooke Alexx

I think about her when I'm loud  
I don't mean to talk through movies, but  
All I do is run my mouth  
Used to annoy me when she did it, but now I do it

Ooh  
I see her in me more than I expected to  
I can't even play it off

My friends say I'm too much  
Just like her  
When she gets kinda crazy  
But I think I might be okay  
Need attention  
I can't help it, no  
I don't wanna hide it these days  
Turn out I'm a little like Grace

I should chill out, but I can't  
Let somebody else be the life of the party, but  
All I wanna do is dance  
Guess I got it from her, no I'm not sorry for it

Ooh  
I see her in me more than I expected to  
I can't even play it off

My friends say I'm too much  
Just like her  
When she gets kinda crazy  
But I think I might be okay  
Need attention  
I can't help it, no  
I don't wanna hide it these days  
Turn out I'm a little like Grace

Yeah I'm my mother's daughter  
So glad I get the honor  
Yeah I'm my mother's daughter  
Turns out I'm a little like Grace

Yeah I'm my mother's daughter  
So glad I get the honor  
Yeah I'm my mother's daughter  
Turns out I'm a little like Grace

My friends say I'm too much  
Just like her  
When she gets kinda crazy  
But I think I might be okay  
Need attention  
I can't help it, no  
I don't wanna hide it these days  
Turn out I'm a little like Grace
