

# Cum

Brooke Candy

Give it to me raw right now, right now  
Seesaw, up, down, up, down  
Give it to me wrong way 'round  
Cowgirl, yeehaw, hoedown right now  
Trigger finger pop downtown  
Sound off, salchow-boy showdown now  
Supersoak, you might drown, bow down  
Hold my crown, it's your time to

Make me cum, make me squirt  
See my titties through my shirt  
Get me off, get me wet  
Push my pussy to the edge  
Make me cum, make me squirt  
See my titties through my shirt  
Get me off, get me wet  
Push my pussy to the edge

Make me cum, make me cum, make me  
Make me cum, make me cum, make me  
Make me cum, make me cum, make me  
Oh, make me cum, make me cum, make me

Boy, you better come correct  
Cash that cheque  
Money over sex, no bet  
Pretty kitty on your chest  
I flex, you better pay my rent  
Face all up in that wet  
I bet you gonna love the scent  
In the mornin', I jet  
Don't call, don't text, he's so upset

Put this pussy on your face  
First, you gotta say your grace  
Want it now, I can't wait  
Baby, please, don't make me chase  
Give it hard, you better pay  
'Cause I got 'em tied like a shoelace  
Murder the pussy, then plead your case  
Fuck me good, then feed me grapes  
Look, I make him come back for more  
Nymphomaniac, I'ma ask for more  
My legs open like a door  
He could do me everyday like a chore  
Do an award show for this freaky shit  
Now I'm winning every category  
Baby, make me cum just like I'm invited  
And when I arrive, please answer the door

Make me cum, make me squirt  
See my titties through my shirt  
Get me off, get me wet  
Push my pussy to the edge  
Make me cum, make me squirt  
See my titties through my shirt  
Get me off, get me wet

Push my pussy to the edge  
Make me cum, make me squirt  
See my titties through my shirt  
Get me off, get me wet  
Push my pussy to the edge  
Make me cum, cum, cum, cum, cum  
Make me wet  
Make me cum, cum, cum, cum, cum  
Make me wet

Make me cum, make me cum, make me  
Make me cum, make me cum, make me  
Make me cum, make me cum, make me  
Oh, make me cum, make me cum, make me  
Make me cum, make me cum, make me  
Make me cum, make me cum, make me  
Make me cum, make me cum, make me  
Oh, make me cum, make me cum, make me
