

Oh Yeah

Brooke Candy

Be all you can be, be like life's a beach and I'm sandy
I got Latinas in Miami, sniffing sugarcane like candy, what?
Got a toothache, make your boobs shake
For your dude's sake, I'm peacin' out like doomsday
Uh, I'm a natural, I'm the realest out like actual
Show me receipts I'm factual, like Michael Jack I'm off the wall
Throw your back out, 'til you blackout
Drop your ass down, take it low, then back now

I ain't never told a lie, bitch give me a reason why
I ain't never told a lie, oh yeah, oh yeah
I ain't never told a lie, bitch give me a reason why
I ain't never told a lie, oh yeah, oh yeah

Do you feel it in your side?
Oh yeah!
Do you want it all the time?
Oh yeah!
Now bitches in the club
Oh yeah!
I give it, give it up
Oh yeah!

Oh yeah...

I feel amazing, I'm in California blazing
Eating California Raisin
Hell is hot and all one stays in, right?
Make a movie, make your boobs shake
For your dude's sake, I'm peacin' out like doomsday
I'm a boss ass bitch
I'm thousand island saucin' it
My outfit might have cost a bit
Don't mean I can't be washin' it
Throw your back out, 'til you blackout
Drop your ass down, take it low, then back now

I ain't never told a lie, bitch give me a reason why
I ain't never told a lie, oh yeah, oh yeah
I ain't never told a lie, bitch give me a reason why
I ain't never told a lie, oh yeah, oh yeah

Do you feel it in your side?
Oh yeah!
Do you want it all the time?
Oh yeah!
Now bitches in the club
Oh yeah!
I give it, give it up
Oh yeah!

Oh yeah...
