Only Fire fuck it up

Let's do yoga on the bed, put that dick in my head  
Smack my ass, make it red, teary eyes but I ain't sad  
Let's do yoga on the bed, fuck me deep in the head  
Mouth open, pussy spread, boy, just do what I said

Let's do yoga on the bed, bed, bed, bed, bed  
Fuck me deep in the head, head, head, head, head  
Smack my ass, make it red, red, red, red, red  
Boy, just do what I said, le-let's do yoga on the bed

Let's do yoga in my mouth, every room inside the house  
And I paid off all the neighbors so I'm down for getting loud  
How much calories is semen? I don't even wanna count  
Putting work in on your dick, that's what I call working out

Ooh, it's fitness, I bet I could fit this  
Mhm, push it real good, I wanna feel good  
Ooh, the thickness, come and get up in this  
Mhm, push it real good, push it, push it, push

Let's do yoga on the bed, bed, bed, bed, bed  
Fuck me deep in the head, head, head, head, head  
Smack my ass, make it red, red, red, red, red  
Boy, just do what I said, le-let's do yoga on the bed  
Let's do yoga on the floor, floor, floor, floor, floor  
Fuck me hard like a whore, whore, whore, whore, whore  
Smack my ass, make it sore, sore, sore, sore, sore  
Boy, just do what I said, le-let's do yoga on the bed

Let's do yoga on my ass, we don't need a yoga mat  
Eat my kitty through the window, press it up against the glass  
Getting horny, doing sit ups, so my tummy's nice and flat  
And my back is just a runway where your cum is gonna land

Ooh, it's fitness, I bet I could fit this  
Mhm, push it real good, I wanna feel good  
Ooh, the thickness, come and get up in this  
Mhm, push it real good, push it, push it, push

Let's do yoga on the bed, bed, bed, bed, bed  
Fuck me deep in the head, head, head, head, head  
Smack my ass, make it red, red, red, red, red  
Boy, just do what I said, le-let's do yoga on the bed  
Let's do yoga on the floor, floor, floor, floor, floor  
Fuck me hard like a whore, whore, whore, whore, whore  
Smack my ass, make it sore, sore, sore, sore, sore  
Boy, just do what I said, le-let's do yoga on the bed

Let's do yoga on the bed, put that dick in my head  
Smack my ass, make it red, teary eyes but I ain't sad  
Let's do yoga on the bed, fuck me deep in the head
