

# Start A War

Brooke Fraser

I remember when we ruled the scene  
Back when we reigned supreme  
Black words in golden speech  
The weapons in our reach

Tell me did I stutter?  
Did you hear me right?  
As the crowd begins to roar  
Tell me where's the limit and I'll tell you why  
You will be shaken by the sound  
'Cos I'm gonna touch the sky  
I'm damaging at my new discipline  
I'm telling you

Can you smell the blood that's in the air  
It's ours but we don't care  
Burning the resistance to the ground  
In line to claim your crown

Tell me did I stutter?  
Did you hear me right?  
As the crowd begins to roar  
Tell me where's the limit and I'll tell you why  
You will be shaken by the sound  
'Cos I'm gonna touch the sky  
I'm damaging at my new discipline  
I'm telling you I'm gonna touch the sky  
I'm falling out where I was falling in  
I'm telling you I'm gonna touch the sky

If you're gonna start a war  
You better know the choice you made is one worth fighting for  
You can have your ground  
'Cos when I touch the sky I'm taking everything you've got

Tell me did I stutter?  
Did you hear me right?  
As the crowd begins to roar  
Tell me where's the limit and I'll tell you why  
You will be shaken by the sound  
'Cos I'm gonna touch the sky  
I'm damaging at my new discipline  
I'm telling you I'm gonna touch the sky  
I'm falling out where I was falling in  
I'm telling you I'm gonna touch the sky
