

# Change

Brooke Valentine

It's been grea  
Been a few months okay  
You're winning, concentrate  
Oh baby please don't change it

Call me back  
You didn't call me back  
Gonna pick up the slack  
Oh baby please don't change it

I'm a believer  
You gotta keep up  
Excuse my insecurities  
But I don't wanna lose ya

These dudes nowadays (day)  
These dudes nowadays (change)  
These dudes nowadays  
Fuckboy tendencies (change)

Don't you change, don't you change, don't you change  
Don't you change, don't you change, don't you change  
Don't you change, don't you change, don't you change  
Fuckboy tendencies (change)

Feeling yourself  
I see you feeling yourself  
Why would you wanna rebel  
Oh baby please don't change

So you got new friends  
When did you get new friends  
Crazy females what the hell  
Oh baby please don't change

I'm a believer  
You gotta keep up  
Excuse my insecurities  
But I don't wanna lose ya

These dudes nowadays (day)  
These dudes nowadays (change)  
These dudes nowadays  
Fuckboy tendencies (change)

Don't you change, don't you change, don't you change  
Don't you change, don't you change, don't you change  
Don't you change, don't you change, don't you change  
Fuckboy tendencies (change)
