

Forever

Brooke Valentine

Oh, oh, oh
Oh, oh, oh
Yeah!
Baby, I'm up in the club
Everybody looking at us
Next day we're all alone,
Just you and me at home!
Doesn't matter too me
If we're..off to see
..as long as you'll be..
Yeah, I just want something real,
gotta go and tell them how I feel
But my feelings for you got me oh high
Wanna turn me on, meet me in the sky!

[Chorus:]
Can I have it for forever?
Can I have it for life?
And I need this forever!
For life, for life, for life

Safe to say that I'm the ...
Stick a fork in me, I'm dying
..with my baby
That's a way to make me go crazy
It's like a rainbow
It's been all the way this long
And I don't cry no more
It shelters me from the pain, hey, hey!
I just want something real,
gotta go and tell them how I feel
But my feelings for you got me oh high
Wanna turn me on, meet me in the sky!

[Chorus:]
Can I have it for forever?
Can I have it for life?
And I need this forever!
Can I have it for forever?
Can I have it for life, life!
For life, for life, for life

Yeah, and if I'm dreaming, gonna let me sleep
And if I'm falling gonna let me be
Only I can take this moment from me
This is natural ecstasy!
This is a spirit...
I love it, you can show it
Go with it, just let it go
Tell everybody you know, that you gonna have this forever!

[Chorus:]
Can I have it for forever?
Can I have it for life?
And I need this forever!
Can I have it for forever?
Can I have it for life, life!

For life, for life, for life
