Long As You Come Home

Brooke Valentine

I loved you, before I knew you lied I've always been right here So, don't you try to deny I've been right by your side

Then you started to tell the truth About all the girls you knew I was already over heels for you I just don't know what to do

Oh, I, I try but I can't shake you Oh, I, I'm in love with you. I'm in love with you

Leave me alone, stay out late, but don't even call As long as you come home. Tell me you love me, when you don't at all As long as you come home Say you were, when you wasn't hangin' out with your boys As long as you come home Boy, you do, you will, you won't, or you don't As long as you come home

Come tell me all of those sweet lies You used to whisper in my ear I don't wanna fight I just want you near

Don't need my girls telling me How stupid I am Want everybody just to let me be I'm staying with my man

Oh, I, I try but I can't shake you Oh, I, I'm in love with you. I'm in love with you.

Leave me alone, stay out late, but don't even call As long as you come home. Tell me you love me, when you don't at all As long as you come home Say you were, when you wasn't hangin' out with your boys As long as you come home Boy, you do, you will, you won't, or you don't As long as you come home

[whispering] Come home, come home, come home, Come home, as long as you come home I love you I wish that you could give up those streets...
