

# Tell Me Why You Don't Love Me

Brooke Valentine

Now you can say I'm addicted  
I admit I'm afflicted  
By the way you affected me so hard  
I am helpless, boy you're just like a drug  
You're like the illest bug  
The way you're makin me sick  
I just can't handle it

[Pre chorus (2x)]  
We steady breaking up, making up  
Boy, ain't I good enough  
Tell me what's wrong with us  
Tell me what's wrong with us

[Hook (2x)]  
I got whatchu want  
I got whatchu need  
Tell me why you don't love me

So while we going in circles  
Boy you wanna show boat tellin all of ya friends  
How you got me trippin'  
I know I been on a slow route cause you cheated without doubt  
But I ain't trying to to find another man  
My 1st reaction was I invested too much time  
You think I'm packing and you must lost your damn mind

[Pre-hook]

Where is the love you don't show me  
I'm in love, but love don't love me  
Boy I can't believe you cheated  
I forgive you, then you cheated  
Come on, come on, come on  
I just like an idiot, I just can't put up wit this  
Come on, come on, come on

[Pre-hook]
